About Ronald McDonald House of Charlotte

Ronald McDonald House of Charlotte opened its doors on May 9, 2011. Since opening in 2011, we have served over 3,300 families in response to the increasing need generated by the expansions of Levine and Hemby Children's Hospitals and the opening of Levine Cancer Institute.

Our Mission

The Ronald McDonald House of Charlotte provides the families of children being treated in area medical facilities with a safe, affordable and caring "home-away-from-home."

We primarily serve families in the Southeast who travel a significant distance to receive specialized medical care at Levine Children's Hospital and Hemby Children's Hospital. The doors of the Ronald McDonald House of Charlotte will always be open to families from across our region and beyond.

Adopt-A-Room Program

To operate the Ronald McDonald House, it costs approximately \$142/night per room. Families who stay at the House are encouraged to make a \$15 a night donation. With mounting medical bills and travel costs, only about 30% of our families are able to pay even this modest amount for their stay at the House.

Knowing the challenges these families are facing, we never turn away a family who is unable to pay.

Our generous Adopt-A-Room donors play a very special and critical role in supporting these stays, closing the gap between what families are able to pay and how much it costs to operate the House.

Adopt-A-Room sponsors provide a “home-away-from-home” at the following sponsorship level:

- **A year’s worth of stays for families staying in a guest room for a \$5,475 annual sponsorship.**

With your support of a room or suite for a full year, a critically ill child and their family can focus on improving the health of their child, instead of worrying about the expenses and logistical burdens of where they will stay during treatment.

Room sponsors help us provide:

- A “home-away-from-home” for families seeking medical treatment for their children, regardless of their ability to pay.
- All the comforts of home while remaining close to the hospital. Families enjoy a comfortable bedroom, home-cooked meals, laundry, shared living spaces, indoor and outdoor play areas for the children and their siblings, and a library for adults to stay in touch with family and work.
- Ongoing support from caring volunteers, staff and other families with critically-ill children who share the same challenges and hopes.

Sponsor Benefits

As an Adopt-A-Room sponsor, you will receive the following benefits for 12 months from the time of your gift:

- A recognition plaque on the door of your adopted room (see next page)
- Recognition in our newsletter and annual report
- A thank you letter and room journal entries from families
- First right of renewal on your adopted room
- Use of our logo in your own company’s publications, if applicable

Adopt-A-Room

Annual care from these supporters helps provide a room to families seeking medical treatment
